300.1 - 350T	\$0.14
350T +	\$0.16

Based on total delivered tonnage at 10% moisture content.

AMGP: The Base Price is the conservative indication of the market return for the season, exclusive of all bonuses, rebates and potential surplus. The Base Price is used for calculation of interim payments prior to end of season at which time a true, market-based return is calculated and distributed to growers. Revised and final payment prices may be more or less than the Base Price subject to Pool performance.
